

BURGH CASTLE MARINA & HOLIDAY PARK

2018 Touring and Camping

Burgh Castle Marina & Holiday Park is an ideal location for camping in Norfolk. We continue to win David Bellamy Silver Conservation Awards for our park environmental practices.

Set in over 26 acres of a beautiful conservation area, we are committed to environmentally sustainable tourism and our efforts to date have been recognised by our becoming the first park or marina in the whole of the East of England to receive an award under the Green Tourism Business Scheme.

Our 25 pitches are laid out on flat, well-drained turf with plenty of room for parking alongside and for an awning or pup tent, for which we make no extra charges. Our heated amenity buildings house toilets, free hot showers, hair dryers, baby changing facilities, a spacious and well equipped disabled suite, a vegetable preparations and washing up room with complimentary freezer storage for ice packs and a token operated laundrette.

If you are looking for peace and tranquillity then this is the park for you. We do not have a noisy club house on site but within the complex a short stroll away is our own riverside inn and restaurant which has stunning views from its terrace. However if you do enjoy the occasional bright lights, fun fairs, market shopping and traditional seaside past times we are only approximately 5 miles from Great Yarmouth and sandy blue flag beaches.
